

Three-Way Match SOP

PO · Goods Receipt · Invoice

SOP-FIN-001 | v1.0 | Apr 2026

1 Purpose

Verify every supplier invoice against its PO and Goods Receipt before payment.

2 Matching Rules

Rule 1 — Supplier Code must match across PO, GR, and Invoice.

Rule 2 — Total Amount must match across PO, GR, and Invoice.

If both pass → approve. If either fails → hold and investigate.

3 Example — Match Pass

FIELD	PO	GR	INVOICE
Document #	4500098765	5100098123	90008456
Supplier Code	SUPP-4472	SUPP-4472	SUPP-4472
Total Amount	€127,600.00	€127,600.00	€127,600.00

✓ **RESULT: PASS**

Supplier code matches. Totals match. Invoice approved for payment.

4 Example — Match Fail

⚠ **RULE 1 FAIL — SUPPLIER MISMATCH**

PO: SUPP-4472 | GR: SUPP-4472 | INV: SUPP-4499 ← **mismatch**

Action: Hold invoice. Verify supplier in master data before paying.

⚠ **RULE 2 FAIL — TOTAL MISMATCH**

PO: €127,600.00 | GR: €127,600.00 | INV: €129,850.00 ← **over by €2,250**

Action: Hold invoice. Request credit note or corrected invoice from supplier.

5 Steps

1. Pull PO, GR, and Invoice using the PO number.
2. Check Rule 1 (Supplier Code).
3. Check Rule 2 (Total Amount).
4. Both pass → mark **Match Verified** and approve.
5. Either fails → mark **Match Failed** and escalate.
